## Travel vouchers using new 'SAP' accounting system

**T**he Marshall Center is paying travel vouchers using the new accounting system "SAP." Automated e-mails have been sent to users as travel vouchers have been processed. Do not reply to the e-mails. If there are questions regarding reimbursement amounts, users should look at their travel voucher document in Travel Manager. Adjustments are explained in the "Comments" section. Payments are made to accounts in three working days from the date of the e-mail and vouchers are paid in the order in which they are received by the Travel Office.
